FRIDAY, AUGUST 6, 1920.

Once about eight years ago we took an eight day vacation, but it required two weeks at home in order to get rested up.

In a great many communities young folks and older folks are splashing around in swimming pools, which every town ought to have.

Roy L. Deal, a Taylorsville young man who made the Phi Delta Kappa at the University, has been appointed chairman of the Democratic executive committee in Forsyth county.

So many outraged males have demanded to know if we referred to their gardens as being grown up with weeds, crab grass and morning glories that we felt obliged to tell stories.

Forty thousand pounds of honey will be shipped this year from Mount Airy, according to a special article from that town. It is not strange that Editor Johnson should have a majority of the bees in Surry county busy working for him.

We see by the papers that William H. Williamson of Raleigh, advocate of Democratic principles and state's rights, protests against Governor Cox's interference in North Carolina suffrage affairs. Mr. Williamson has been made that man that it is doubtful if he will vote the national Democratic ticket this fall.

The special session of the general assembly will meet Tuesday for a short session—20 days, we believe. There will be little time for oratory, but enough time for study of the important measures that come before that body. As a matter of fact, only a small proportion of the members give much study to state-wide questions anyway.

COX TALKS STRAIGHT.

Governor Cox today delivered his speech of acceptance and told the country where he stands on important questions.

There will be no two or three ways of interpreting his position on the league of nations, and Democrats who don't want the league in their business will have to take Senator Hiram Johnson's view of Senator Harding's position. Cox made him self clear enough.

While the country knows that Governor Cox was not a prohibitionist, his record as a law-enforcing governor and his several utterances show that he will uphold the law. In his speech yesterday he reiterated that position.

Governor Cox paraded the league of nations and answered in a straightforward manner his position on it.

The interesting thing in the next few weeks will be to see how the country reacts to his speech. The campaign may properly be declared on.

WHITENER IS FINED.
APPEALS FROM JUDGMENT

Gordon Whitener was found guilty in recorder's court yesterday afternoon of transporting Lizzie Brooks and Carrie Bell Powell to the South Mountains for immoral purposes and fined \$50 and costs. Appeal to the superior court was taken.

There were two cases and three or four persons, including the two girls and Emmett Mitchell, were involved in one or both, but in the second case, in which Mitchell and Whitener were charged with going on a joy ride to Maiden, with the women Recorder Pruitt found them not guilty.

Gaither Clark, a witness on the Maiden trip, told what the party had in the automobile. He described it as a pint bottle with about three fingers of liquor and a quart jar with a little milk in it, about half a pint one would judge from his description. What they were doing with the milk was not explained.

"I have nothing to wear," complained a French-heeled lassie—and she wore it.—Minneapolis Morning Tribune.

The Republicans of Houston held a rally Friday in a hotel ball room, the telephone booths all being occupied at the time.—Houston Post.

Both in chaff and re-cleaned for sale. Buy before prices go up. Domestic Seeds of Quality.

HICKORY SEED COMPANY

For Miss Satterfield
The Philatheas of the First Presbyterian church gave a most enjoyable "at home" in connection with their business and social meeting at the home of Mrs. W. B. Ramsay last night in honor of Miss Ruby Satterfield of Mebane, a former member of the class who leaves soon for China to engage in missionary work. After the business matters were disposed of the social hour was enjoyed when interesting contests were introduced. Dainty refreshments were served during the evening.

In addition to the regular members a number of guests were present. Miss Satterfield left this morning for Montreal where she will spend a week in the home of Dr. T. W. Ingle, and attend the missionary conference. She will return to Greensboro at the end of the week and await her orders to sail for China where she will have office work in a hospital.

The Average Man

Does not realize all that a Bank means to a community. It is a friend—and then some.

A Real Bank

Is a financial institution that functions for the welfare of the community it serves. It has machinery at hand for the solving of all the financial problems of its clientele.

Saving Is the First Essential

No matter how splendid your idea or how practical it may be, if you have not SAVED something your idea will not bring you the forward it deserves. If it be carried out, the man who has saved and whose money is behind your idea, is the one who will profit most.

Why Itch and Burn With Skin Diseases?

There is a Way to Get Rid of the Torturous Suffering. Terrifying skin irritations, eczema, tetter, boils, pimples, etc., have their origin in a disordered condition of the blood. They come from a colony of tiny germs which get into the blood and multiply by the million. Lotions, salves, ointments or similar treatment cannot possibly reach the source of the trouble, which is the blood.

When any of these symptoms appear you should take prompt steps to rid the blood of the germs which cause them. And the one remedy which has no equal as a blood cleanser is S.S.S., which is sold by druggists everywhere. Begin taking S.S.S. today, and write to our Chief Medical Adviser, who will give you special instructions without charge. Address Swift Specific Co., Atlanta, Ga.

ECZEMA
Money back without question if HUNT'S Salve fails in the treatment of ITCH, ECZEMA, RINGWORM, TETTER, and other itching skin diseases. Try a 75 cent box at our risk.
